Noida, India | 8279803690 | arynmi02@gmail.com | Linkedin | Github

PROFILE SUMMARY

Solution-oriented and problem solver with the ease of learning new technologies and gaining meaningful experience. Determined to time management and enjoying working with teams.
Adaptive to changes and eager to learn from challenges and competition. Currently focused on Data structures & algorithms and Web Development.

EDUCATION

Jaypee Institute of Information Technology, Noida   *2021-2025*
- Bachelors in ComputerScience GPA : 7.7

Dayawati Modi Academy-I, Meerut   *2018-2020*
- 10th : 85% | 12th : 84%

SKILLS

- Frontend Web Development: React.js, Redux, Tailwind, HTML, CSS
- Backend & Database : Node.js, Python, MongoDB
- Data-Visualization & Machine-Learning: Python
- Data Structures & Algorithms and Competitive Programming: C/C++

PROJECTS

Foodie   *2023*
- Online food ordering web application for college cafeteria using MERN stack.
- Interactive UI/UX and Admin Dashboard for Sales Analysis.
- Integrated with chatbot using LangChain (LLMs).

Stego-Image   *2023*
- Worked on Data Encryption & Image Steganography in Python.
- Encrypting Data (AES-256) and Hiding in Images using our Algorithm (n-images) .

Ponzi Scheme (Blockchain)
- Analysis of various vulnerabilities in smart contracts.   *2024*
- Developing Deep Learning Model for detection of Ponzi-schemes in smart contracts

Algo-Visualizer
- Algorithms Visualizer (sorting) in C++.   *2022*
- Using Graphics Library (Raylib)

SOFT SKILLS
- Team Work   • Problrm-Solving   • Time Management   • Adaptability
